## Environmental Policy

O'Malley Haulage Limited believe that we have a responsibility to care for and protect the environment in which we operate. We are fully committed to improving environmental performance in new projects and we will work closely with its supply chain to develop good environmental practices.

O'Malley Haulage recognises our key impacts to be in areas of:

- Energy use
- Waste generation
- Emissions to air
- Transport
- Procurement

We will aim to:

- Adopt the highest environmental standards in all areas of operation.
- Ensure all operations are carried out relevant environmental legislation and codes of practice.
- Assess the company's activities and identify areas we can minimise impacts.
- Reduce waste through careful and efficient use of materials and energy.
- Train employees in good environmental practice.
- Adopt an environmentally sound transport strategy.
- Continually assess the environmental impact of all our operations.

The policy will be reviewed annually to ensure that it remains relevant to the Company's objective.
